

# Baby and Children's Memorials

**Hilton  
STUDIO**

A selection of possible bespoke illustrations

## Babies and Children.

At a time of bereavement it is natural to quietly remember and express personal feelings. In response to growing recognition of a need to provide a memorial specifically for still born, neo-natal, babies and young children, we now offer a specific Book of Remembrance and associated hand-made personal miniature books and cards.

## Miniature Cards & Books

We provide permanent and personal memorials in the form of miniature books and cards. These can compliment an entry in the Babies Book of Remembrance or act as a stand alone memorial in their own right.

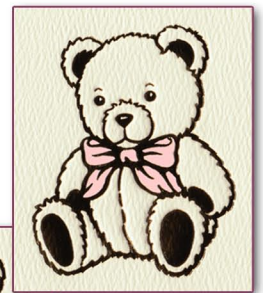

The calligraphy within all products is written in grey, providing a soft look to reflect the sensitive nature of the inscription.

### Books

The books are hand bound in textured white leather with a gold teddy bear on the front. The pages are blank to receive inscriptions and illustrations. They are presented in a hand-finished presentation box (box colour may vary to that shown).

### Cards

The baby memorial card has a gold teddy bear on the front with a bow which can be painted blue or pink. They are presented in a quality envelope.

If you have any queries, please contact a member of staff for assistance.
