A selection of possible bespoke illustrations

Personal Memorials

For many years now we have been supplying our clients with memorial cards and miniature books of a standard style, replicating the entry placed in the Book of Remembrance.

We believe society's attitude towards death and memorialisation is changing, and the trend is to celebrate the life of a loved one instead of marking their passing. Therefore we have compiled a new range of clean lined, modern memorials which provide a bespoke, personal dedication, the memorial text in which does not have to be a copy of the Book of Remembrance inscription.

Books and Cards

Miniature books can now be furnished in a modern brushed faux suede fabric which is available in several colours, the pages of which are blank to accommodate several entries, pieces of artwork, poems or verses.

The Lily Card is produced in a pale cream, heavy weight paper with a square embossed floral design in the centre. Inside is a quality paper insert without printing in order to offer space for more than one entry if desired.
