Posy Vase Scheme

Posy Vase Memorials

Are designed to meet the needs of those wishing to place flowers in memory of a loved one.

Each memorial consists of a small vase suitable for a posy of flowers and a laminated name plate bearing the name of the person remembered, together with the dates of their birth and death. These memorials can be grouped together to form attractive banks of colour, and are displayed at the crematorium where they may be seen during normal opening hours. Constructed in black powder coated iron with a number of finishes to the vases they are suitable as an interior or exterior memorial.

Below are some samples of various nameplate layouts

Interior or exterior use

Range of standard layouts or bespoke designs can be accommodated

Hand written calligraphic name plates
